***Notice Of Allowable/Reason For Allowance***

1. Claims 1-20 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: Applicant's argument filed June 28, 2005 is deemed to be persuasive. The prior art of record, whether taken individually or in combination, does not reveal or render obvious a shelter frame comprising a plurality of arcuate poles being intersected in arrangement to form a plurality of crossings and openings, the poles being arranged to have ends of at least three poles being terminated at a common point in a common plane and having at least one pole crossing being located substantially on top of the frame, and a tension harness extending diagonally across the opening and connecting a non-adjacent pair of vertices of the opening as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
